# Group Of Companies,

OUR COMPANY CV.

Currently, the company is working in the following fields:

- The company has a license and is considered a representative for the Kurdistan region for **Altun Company/ Turkey** for importing good quality fruits. The company has qualified warehouses for storing & selling fruits in the area. The annual value of fruits sold is estimated at 2,500,000 USD/ year.
- The company is also involved in the construction work through the construction of fuel stations in partnership with some Turkish companies for an estimated value of 2,500,000 USD.
- In 2020 we began working in **SGS Serkeft Global Colors** as a manufacturer and producing **WonderColor Paint** products with an annual value estimated at 200,000 USD.
- We were also involved in the construction of **Serkeft Chemicals** Company; it was established in 2020 at Zakho / Duhok in the wake of 20 years of experience and the accumulation of the owners with 100% equity by adding a workforce formed by the sector's leading personnel in their respective fields.
- With the power of producing its raw materials, Serkeft Chemicals has doubled its turnover yearly since its establishment, while the construction sector shrank in Iraq. Serkeft Chemicals offers innovative tailor-made products with self-developed raw materials to cement and concrete manufacturers and chemical admixture manufacturers in Iraq and foreign markets.
